USB 3.0 to eSATAp adapter

Description

This adapter enables you to connect all external SATA or eSATAp devices via USB 3.0 or USB 2.0 to your PC or notebook. This is a simple and convenient solution in case your computer does not possess a SATA or eSATAp port yet. The eSATAp port enables a direct connection of a 2.5 SATA HDD without an extra power supply, by using an optional Delock Power Over eSATA cable.

Ref.	61776
EAN	4043619617760
Country of origin	China
Customs tariff number	84718000
